

# NFDI4Chem - Project Update Q3/2021

## Recent achievements

- *IPHT replaces FSU-IPC as new partner*
- *New logo design received and accepted by Steering Committee; tentative date for launch: mid-November*
- *Chemotion ELN Version 1.0.3 released*
- *Practical course version Chemotion at KIT updated*
- *Repository profiles completed*
- *Identification of necessary interfaces for establishment of repository federation*
- *Reviews on 'Data Standards and File Formats' & 'Ontologies in chemistry' in final phase of prep. , to be submitted to Pure Appl. Chem.*
- *First containerised analytical file converters in place for TAPIR converter service*
- *Qualitative overview on journals 'Author Guidelines' also as preparation for Editors4Chem*
- *Recommendations for improvement of RDM for chemistry in Germany recently published in "Bausteine FDM"*
- *Biweekly Chemotion Q&A sessions to support ELN implementations at institutions in Germany.*
- *Terminology service v1.0 online, iteration v2.0 with modularisation*
- *Work in relation to Nagoya Protocol to be published shortly*
- *NFDI4Chem delegates members to all the initial NFDI e.V. sections*
- *Presentations by NFDI4Chem members at IUPAC world congress, general meeting, building up network*

## Recently completed deliverables (04/2021 - 06/2021)

- *A list of all deliverables completed in 2021 will be published in Project Update Q4 of 2021*

# NFDI4Chem - Project Update Q3/2021

## TA1

- *Completion and Preparation of "Mittelabruf" and "Weiterleitung" Q3 and Q4 2021, respectively*
- *Prepared and Submitted "Übertragsantrag" to DFG*
- *IPHT replaces FSU-IPC as new partner*
- *New logo design received and accepted by CS; launch mid-Nov*
- *TA-project managers installed*

## TA2

- *ELN Version 1.0.3 released*
- *Practical course version at KIT updated*

## TA3

- *Interviews with repository operators completed*
- *Repository profiles completed*
- *Work on gap analysis started*
- *Identification of necessary interfaces for establishment of repository federation*

## TA4

- *4th TA4 TelCo 2021-07-12*
- *Review 'Data Standards and File Formats' in final phase of prep.*
- *Containerised analytical file converters in place for TAPIR*
- *Contributed file formats relevant for chem to EDAM ontology*
- *Finished qualitative overview on journals 'Author Guidelines' also as preparation for Editors4Chem*

## TA5

- *Reg. activities like Newsletter, "Stammtisch" etc. well established and running*
- *Biweekly Chemotion Q&A sessions established*
- *Training videos continuously being developed*
- *Knowledge base established, publication towards Dec 2021*

## TA6

- *Terminology service v1.0 online*
- *Review on Ontologies in chemistry in final phase or prep*
- *Work in relation to Nagoya Protocol to be published soon*
- *NFDI4Chem delegates members to all of the initial NFDI e.V. section*
- *Presentations at IUPAC world congress, general meeting, building up network*

# NFDI4Chem - Project Update Q3/2021

## Upcoming events/meetings

- *Editors4Chem Workshop, 03 November, 15:00 am (CEST), joint effort with the IUPAC; participation by invitation*
- *CRDIG / RDA-Panel, 03-11 November 2021*
- *3<sup>rd</sup> Onboarding on 15 November*
- *“Klausurtagung” Steering Committee 17-18 November Rüdesheim*
- *EuroSAMPL Workshop (10-12 May 2022)*
- *[Chemotion Stammtisch](#): last Friday of every month (2:00 PM)*
- *Various TA meetings, see specific invitations and individual flash reports*

## Announcements

- *TA4 Data Pledge continues: pledge your datasets from previous, current or upcoming publications through our [survey form](#)*
- *[FAIR4Chem Award](#): The FAIRest dataset in chemistry! Submit your published dataset to participate.*
