

Recent achievements

- *ELN refactoring ongoing*
- *Automated deployment of ELN main branch for testing*
- *Improvement of end-to-end testing (in-browsers testing): broken / flaky Capybara tests are being ported to Cypress*
- *Several 2nd interviews with repositories*
- *M4.1: Development of MICHl: [Data formats workshop](#) in Hannover as a step to recommend standard data formats for different analytical techniques.*
- *M4.3: conversion-as-a-service continued by Steffen + Lincoln*
- *M4.5: Manuscript on Author Guidelines got request for minor revision, ramping up activities on next Editors4Chem Workshop '23*
- *NFDI4Chem Introductory presentations at various Institutions in person or virtual*
- *Streamlining of Chemotion First level support with NFDI4Chem Helpdesk: Single point of entry for all Chemotion related requests via Zammad.*
- *International dissemination and demonstration of Chemotion*
- *T6.1.1: release of TS version 2.0*
- *T6.2.3: NFDI4Chem Search Service live*

TA1

- *No relevant updates*

TA2

- *chemotion_ELN v1.4.1*
- *ELN-NMRium integration testing*
- *Refactoring of attachment handling finished and integrated in v1.5.0*
- *Extended documentation for automated testing*

TA3

- *Several 2nd interviews with repositories*
- *New table for database comparison*

TA4

- *BioHackathon in Wittenberg 12-16th December 2022*
Project on [\(Bio\)Schemas4NFDI - lightweight domain metadata \(not only\) for NFDI consortia.](#)

TA5

- *More than 22 interviews conducted for the development of a chemistry-specific DMP*
- *Implementation of interactive React components (e.g., [here](#) and [here](#)) in Knowledge Base.*

TA6

- *successful Consortium Meeting 3.0 on site in Hannover*
- *T6.3.2: User Identity Management for AAI: Active participation in WG Identity & Access Management of the NFDI section CI*

Upcoming events/meetings

- *Next TA2 meeting: 14 February, 2023*
- *[e-Science Tage](#): 01-03 March, 2023*
- *NFDI4Chem Klausurtagung, Klipphausen (bei DD) March 13-14, 2023*
- *[RDA 20th Plenary Meeting](#) - Gothenburg; March 21-23, 2023*
- *JCF Frühjahrssymposium 21-24th March, 2023 (Gießen)*
 - *FAIR4Chem Awarding*

Announcements

- *Chemotion_ELN v1.5 release postponed to February*
- *TA2: Presentation eScience Tage Heidelberg*
- *Editors4Chem Workshop*
 - *One day Online workshop someday between 30th October 2023 and 3rd November 2023.*
- *First NFDI4Chem community event (for active researchers) to be held on June 6th and 7th (Chemistry Data Days)*
